ST. CLOUD, OSCEOLA COUNTY, FLORIDA, THURSDAY, NOVEMBER 1, 1928

NUMBER ELEVEN

NATION WILL BALLOT ON LONG TICKET TUESDAY

National Election Returns Will Be Broadcast Over Big Hook-Up

Election result, national, state and local, will be "covered" by a nationwide network of the National Broadcasting Company and associated stations, it was announced recently.

An elaborate plan of radio reporting has been arranged. Results of the presidential and congressional elections will be broadcast from the NBC studios in New York. This program will, however, be occasional interrupted for announcement of results of state, county and municipal election news, from each of the various stations.

The national election news will be furnished to the radio audience through the courtesy of the Associated Press, the United Press Association, and the International News Service.

A large staff of political experts, experienced in compiling, collecting and presenting election results, will be in charge of news dissemination by the National Broadcasting Company.

The program will be interspersed with a gala presentation of music and other entertainment by popular artists, with Graham McNamee as master of ceremonies.

Reporting of the election returns is expected to begin at seven o'clock Eastern Standard Time. It will continue until final results of all the important political races have been determined.

"The National Broadcasting Company has arranged to present national election returns for the first time over a nation-wide hook-up," said M. H. Aylesworth, president of the company.

"We are preparing to broadcast election returns in an interesting and intelligible manner. The old methods of shouting news bulletins through the megaphone, or showing them on lantern slides, were not only limited as to audience but virtually meaningless as to fact."

"We propose to confine our election returns to such news as is indicative, and to present it in such form as to be readily understandable. In so doing, the National Broadcasting Company aims to add to its record of public service."

"We have arranged for the editing and presentation of the reports of the Associated Press, United Press Association and the International News Service by persons experienced in handling election news and familiar with the technique of broadcasting."

Through the coast-to-coast network of stations associated in the election night broadcast, it is expected that virtually every important election result in the country will be made known to those interested. It is probable that a plan may be arranged so that each of the stations will undertake to cover definite areas in its vicinity. Such matter will be broadcast in the intervals during which the chain program is interrupted.

JOHN GILBERT AT PALM NEXT WEEK

John Gilbert will be seen on the screen at the Palm theatre next Wednesday and Thursday for the first time since the showing of "The Big Parade." The picture this time is one which Photoplay magazine marks with a star as being one of the best pictures of the month.

"Man, Woman, and Sin" is a newspaper story of Washington, D. C., and reviewers are unanimous in its praise. Joanne Eagles, who starred for so long in the New York production of "Rain," plays opposite Gilbert.

On the same program will be the opening chapter of the serial picture, "Scotty of the Scouts," featuring Ben Alexander, who is daily attracting more attention of the movie fans, and another comedy depicting the antics of "Shookums," the famous baby of the New Yorks.

On account of this picture playing Wednesday and Thursday there will be no matinee Thursday, but the regular Wednesday matinee will be given as usual.

BIG ONE CENT SALE TO START TODAY AT EDWARDS STORE

E. B. Millard, manager of Edwards Pharmacy, announces that another of the famous Rexall One Cent Sales starts today at that store and will continue through Monday of next week.

The Rexall one cent sale idea was started by the United Drug Company as a unique method of advertising their products. The regular purchase price is paid for an article of merchandise and an additional one cent more. The merchandise thus sold is always of new fresh stock, and the purchasers are assured of receiving the very best.

Mr. Millard states that this special sale usually lasts for only three days, but on this occasion he is continuing it an additional day for the convenience of his many patrons.

GREATER VARIETY OF DISPLAYS IS TO BE SHOWN AT FAIR

JACKSONVILLE, Fla., Oct. 29.—An invitation to all of Florida to come to Jacksonville, November 22 to December 1 to witness the biggest and best exposition in history of the Florida State Fair has been issued by Sam Ellis, general manager.

A trip to Jacksonville from any part of the state will be well worth the trouble and expense in view of the sights to be seen, education to be derived and fun to be had, the fair management asserts.

More features than any of the ten previous state fairs could boast have been arranged for this season's exposition by Manager Ellis. A few of them were summed up as: Lindbergh's flight in fireworks; Europe's sensational honey Troupe; Florida's fish and game, alive; the Johnny J. Jones show; Cattle show, horse and mule show; dog show, cat show, poultry show; \$25,000 in prize premiums; two band concerts daily; kiddies carnival day; south's largest pig show; negro farm exposition; industrial exhibits; agricultural exhibits; special kiddies midway; gigantic machinery display; U. S. shipping board exhibits and a nightly display of brilliant pyrotechnics.

There are not all of the highlights of the fair and each has a dozen branches, intended to interest and please.

Railroads are giving special rates to Jacksonville during the fair and hotels and rooming houses in the city have assured that reasonable accommodations will be available.

All in all, this year's fair will eclipse any similar effort in the state of Florida and the fair officials are urging Floridians to come, look, enjoy, learn and be convinced.

ACTIVE CAMPAIGN WAGED IN EVERY SECTION OF COUNTY—FLORIDA CONTESTS FEW OUTSIDE PRESIDENT ELECTORS—OSCEOLA FACES WARM CONTEST WITH MANY INDEPENDENT AND REPUBLICAN CANDIDATES OPPOSING THE NOMINEES OF THE DEMOCRATIC PRIMARY.

LARGEST VOTE EVER REGISTERED QUALIFIED TO PARTICIPATE IN THE GENERAL ELECTION IN FLORIDA NEXT TUESDAY—TICKET CONTAINS ALL OFFICERS FROM PRESIDENT TO COUNTY CONSTABLE—OSCEOLA COUNTY WILL POLL HEAVIEST VOTE IN HISTORY—REPUBLICANS MAY CARRY OSCEOLA COUNTY FOR HOOVER, BUT DOUBT IS EXPRESSED OF ANY OTHER THAN DEMOCRATIC NOMINEES ON TICKET RECEIVING MAJORITY.

Tuesday, November 6th, will mark the close of one of the hardest fought battle of ballots in the history of the country when the voters will go to the polls and cast their ballots in the General Election.

The presidential campaign by the two major parties of the country has created wide-spread interest, and strenuous efforts have been put forth by the supporters of both Hoover and Smith in all sections of the country. The radio has played a very important part in the campaign, and hundreds of thousands of voters have personally listened to the speeches of the two candidates and their representatives. The various issues have been taken up and discussed before large audiences until the majority of the voters are familiar with the stand taken by both candidates, on all important questions. The leaders of both parties are claiming the victory.

Florida Contests Few

Florida contests will be few outside of the presidential elections. The Republicans are claiming the victory for Howey for Governor, while the Democrats feel that Carlton stands little danger of defeat. It is generally understood that W. C. Lawson, Republican, opposing Ruth Bryan Owen, Democratic nominee for Congressman from the Fourth District, will poll a very small vote against his distinguished opponent, while Park Trammell, Democratic nominee for U. S. Senator is expected to walk away from his Republican opponent, Barclay H. Warburton.

At this election the voters will also have the privilege of considering four constitutional amendments and marking their choice either for or against the amendments. The amendments cover the division of the counties into school districts and the levy of a tax for same; the establishment of uniform municipal form of government; and providing for the passage of special laws by the legislature.

Osceola Contest Warm

The contest in Osceola county has been "warming up" for several weeks. The non-partisan organization have candidates opposing the Democratic nominees for nearly every county office, except Clerk of the Circuit Court. Some of the candidates are making a house-to-house canvass of the county. Those who did not get their names on the ballot, are calling on voters instructing them how to write their names on the ballot, which is a legal method of voting provided a cross mark is placed before the name of the candidate so written.

It is estimated that Osceola county will poll the largest vote in its history, as the registration list shows the greatest number of qualified voters that has ever been registered. It is generally predicted that the county may go for Hoover for president, but it is doubtful if other than the regular Democratic for other offices receive a majority.

W. C. BASS, CANDIDATE FOR COUNTY TAX ASSESSOR

Walter C. Bass, Independent candidate for county tax assessor, intended to enter the Democratic primary last June as a candidate for the office, and on January 6th, 1928 was informed by Mr. W. J. Steed, then chairman of the county Democratic Executive Committee, that he was eligible. However, on February 8th, 1928 he was told in an opinion by the attorney general that he was not eligible, so due to the confusion of law interpretation he was debarred from going into the primary. He (Mr. Bass) then felt and still feels that he was not fairly treated in this matter.

While Mr. Bass is not particularly interested in partisan matters, there are some folks who no doubt wonder how this situation has arisen, knowing that he was affiliated with the Democratic party as registration officer, and this explanation is intended to inform those interested.

Mr. Bass' service as supervisor of registration was entirely satisfactory, the office being capably handled, and his attitude of fairness and honesty was outstanding. He would not doubt make an able tax assessor for the county.

DAYTONA BOARD WALK TO BE DEDICATED SATURDAY

DAYTONA BEACH, Oct. 29.—Special—With visitors invited and expected from all sections of Florida and a varied program arranged for the occasion, the first unit of the city's ocean-skiing promenade, known as the "Board Walk," was completed today and will be formally dedicated by Mrs. Ruth Bryan Owen and other men and women of state and national note Saturday next between 3:00 and 5:00 p. m. Although Mrs. Owen is the Democratic nominee for Congress from this district, her dedicatory address will be wholly non-political in character, as will be those of Republicans having places on the program.

For the reason that the municipal administration plans to organize a statewide movement in behalf of the all-season entertainment of tourist visitors during the spring months, Mayor E. H. Armstrong expresses the hope that the dedication exercises will be attended by a large number of city officials, club women and other persons interested in recreational and entertainment activities. "Florida's principal crop continues to be the tourist crop," said Mayor Armstrong today, "and for this reason, Daytona Beach wishes to inspire interest in recreational and entertainment programs in every city, town and hamlet in the state."

New merchandise is being received daily and many new specials are being offered, that will mean great savings for the shopper who takes advantage of this opportunity.

The big fall opening sale started on Friday, October 29th, and closes on Monday evening of next week. The results obtained have been beyond their expectations, and Mr. Blackbourn states that this has been one of the most successful sales conducted by the St. Cloud store.

GARAGE MACHINISTS BEING TRAINED IN FORD PLANTS

DETROIT, Mich., Oct. 30.—Absolute uniformity of service on the new Ford Model "A" cars and Model "AA" trucks is being maintained by the Ford Motor Company through a plan which involves the training in the Ford plants, of ten thousand garage mechanics. The Ford branch plants, and the Detroit factories have assumed the character of a gigantic training school, to which every Ford dealer in the United States is sending one or more representatives.

This school for service men began with the training of superintendents and foremen of the thirty-six branch plants of the company in the United States. Before the Model "A" Ford car was introduced, these men from the branch plants were being schooled in the Ford factories near Detroit in the manufacture and assembly of the new car. They returned to the thirty-six Ford branches and immediately began the training of men for dealers in their respective territories.

The men come in relays, each group as large as the branch plant can handle conveniently. The groups are purposely kept small, in order that the most intensive training can be given. Each man is put through the same course given the branch men at Detroit, and upon its completion is given a rigorous examination. This examination includes many points about the car which might not be considered essential, from the service man's viewpoint. However, the Ford Company is requiring complete knowledge of the car on the part of every dealer's service men. Failure to make a passing grade means that the man has to take the entire course again. If he fails a second time, he is sent back to the dealer with the suggestion that he is not considered qualified to give Ford service; whereupon, the dealer sends another man for the next training school session.

This requirement for trained service men extends to every Ford dealer no matter how small his establishment. (Continued on Last Page)

The organization of "Believers in St. Cloud," having started and sponsored the growers' movement, withdrew from all official connection with the growers October 22, Monday night, when the growers' association was organized and the officers duly elected. There were 104 present.

It is understood that the "Believers in St. Cloud" will preserve its organization and continue to function for the general good of the community and it is to be hoped that it will be able to sponsor many other movements with as bright prospects for the future as that of the growers.

At the growers' meeting, a constitution was adopted in which the name was stated as "St. Cloud Growers Association," with a membership fee of one dollar, and regular meetings of the association to be held at the Club House, City Park, on every Monday evening at eight o'clock.

The following officers and nine directors were elected:

A. E. Geiger, president; M. A. Hood, vice-president; C. M. Cooke, secretary; Mrs. B. G. Mann, treasurer; C. R. Luffe, C. W. Lincoln, C. A. Bailey, H. C. Hartley, and Victor Mapes, directors.

It was decided to have a ladies social committee to take charge of the social and entertainment end of the regular weekly meetings. The committee appointed consists of Mrs. M. A. Hood, chairman, and Mrs. J. I. Lindholm and Mrs. H. C. Hartley.

The topic under discussion at the meeting on last Monday night, October 29th, was "the use of fertilizers and the preparation of soil for crops." Mr. Geiger addressed the meeting on this subject, using charts. Many growers also gave short talks on the subject and gave their experiences. It is Mr. Geiger's idea to make these meetings as interesting and instructive as possible and to encourage the asking of questions and the relating of experiences, so that all may get the most good from them and secure the information that they require.

There have been registered to date for leasing purposes about one hundred acres of land and dozens of city lots. The owner are generally content, for the present or spring crop, to require but a nominal rental, in order to get the movement strongly started and attract the northern people to come here and try it out. If the idle land is thus taken up and operated, the natural results would be improvement in productivity of the soil, beautification of the district, increase in future rental and sale values, increase in population and money brought in and spent here and increase in employment of those looking for work.

Hundreds of letters are to be mailed immediately to people in all parts of the north who have sent word that they are interested in the trucking business in Florida. These letters will tell of the truck raising and general advantages of this district, including housing conditions, rentals, schools, etc. All of the real estate men in the city should lend a hand and assist in putting this proposition over. Copies of these letters may be had, for mailing north, at the Chamber of Commerce headquarters. All St. Cloud boosters should mail at least one of these letters to interested friends and acquaintances in the north.

ST. CLOUD W. C. T. U. REPRESENTED AT OCALA CONVENTION

Among the members of the St. Cloud W. C. T. U. attending the convention being held in Ocala this week are: Mrs. S. W. Lackey, Mrs. Wm. Crum, Mrs. L. M. Parker, Mrs. Bennett and Mrs. Flora Norris. The State Convention found especially gracious hospitality at the opening banquet at which the mayor of the city, the president of the chamber of commerce and other officials of the city extended cordial greetings to the visitors. A feature of the entertainment provided was a boat trip over beautiful Silver Springs in glass bottom boats.

COMMERCE CHAMBER BANQUET TUESDAY EVENING

"Probation After Death" was the
subject of the lesson-lesson in Church

The golden text was from John
11:25, "I am the resurrection, and the
life: he that believeth in me, though
he were dead, yet shall he live."
Among the citations which com-
prised the lesson-lesson was the fol-
lowing from the Bible: "And he led
them out as far as to Bethany, and
he lifted up his hands, and blessed
them. And it came to pass, while he
blessed them, he was parted from
them, and carried up into heaven."
(Luke 24:50, 51).
The lesson-lesson also included the
following passages from the Christian
Science textbook, "Science and Health
with Key to the Scriptures," by Mary
Baker Eddy: "Jesus' unchanged
physical condition after what seemed
to be death was followed by his ex-
altation above all material conditions;
and this exaltation explained his as-
cension, and revealed unmistakably a
probationary and progressive state be-
yond the grave. Jesus was 'the way';
that is, he marked the way for all

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Con-
stipation is responsible for more mis-
ery than any other cause."

But immediate relief has been
found. A tablet called Rexall Order-
lies attracts water from the system
into the lax, dry, evacuating canal
called the colon. The water loosens
the dry food waste and causes a gen-
tle, thorough movement without form-
ing a habit or ever increasing the
dose.

Stop suffering from constipation.

The new Buick
is the new Style

Men and women on every street—
in every city and town—are pro-
nouncing the new BUICK, with
Masterpiece Bodies by Fisher, the
most beautiful automobile of the
day.

Never before in the history of
motor car manufacture have the
masterpieces of American art, created
any new automobile as they are
welcoming the Silver Anniversary
Buick with new Master-
piece Bodies by Fisher!
Sweeping into the market at a
time when motor car lines were
practically standardized—when
imitation was destroying indi-
viduality—these new Buick
creations introduced an entirely
new mode—
A mode of body-symmetry—of
size and magnificence—of set
contours instead of straight
lines—of embossed side and
hood panels involving the same
unity still prevailing which em-
ployed on any car in the world!
And as the weeks have passed—
and the full significance of
Buick's achievement has be-
come apparent to the public—
enthusiasm for this car has
swelled and grown to unprece-
dented proportions!
Buick sales records have been
broken! Production schedules
have been increased again and
again! The great Buick plants
are working to the limit of their
capacity to supply the demand.

Now they're whispering details of
the whispering campaign!

We don't know which we prefer,
the whispering campaign or the things
that have been said openly!

"All women are alike," says Lady
Allardyce. This thought should be a
great comfort to many husbands.

In Italy, it is now a felony to use
profanity. But then, they probably
haven't our brand of cigarette lighter
over there.

The per capita wealth in the United
States at the beginning of this month
was \$40.82. Well, it's nice to know
it, anyway.

Since prohibition, grape production
in California has increased 200 per
cent. Grape juice is certainly becom-
ing popular.

To keep peace in the family, many
a man finds two radios necessary—
one for political speeches, and one for
dance music!

There are many reasons for going
"straight," and now a new one is ad-
ded to the list. Prisons are going to
be equipped with radios!

The World Congress of Cooks is
now meeting in Paris. Evidently
selected the city because of the rumor
that many things over there were
raw.

A Cincinnati thief stole 25 pairs of
shoes, gnawing the left toe out of
ten more pairs. Evidently figured
that's how the bootleggers get their
stuff.

A powerful pugilist has given up
the ring to become a dentist. Well,
we suppose he will be able to put his
patients to sleep without expensive
anesthetics.

Klasim Bey, poet of Constantinople,
has sent photos of an X-Ray of his
brain to all his critics, in order to es-
tablish his poetic merit. Science is
rapidly advancing. Now at last we
know that at least one poet has a
brain!

A German actor, Parlatius, has
broken the endurance speaking record.
It is said, talking continuously for
more than 45 hours. We're proud to
say that many obscure American wo-
men could probably outdo him in any
fair contest.

WILL ROGERS SAYS:-

If all the charges that has been
made in this campaign in regard to
both candidates were laid out to end
it would take you over two hours to
pass a given point.

If all the denials were heaped in a
pile an aviator couldn't fly over them.
It is a funny thing about a denial. It
takes twice as many words to deny it
as it did to make it.

While Smith was heaving charges
at him, Hoover just pulled down the
blinds and shut the windows and
started commanding with work.
Through close association with Cool-
idge he has become practically speech-
less. There is nothing gets you quite
so sure as to have somebody ignore
you. Al is asking questions but he is
not even getting a minority report on
them.

A woman in Virginia sent out a
scenario saying that the Catholics
wouldn't make good postmasters so
Hoover paid enough attention to her
to have a padlock put on her type-
writer. Mr. Work promptly said that
he didn't tell that Alhambra to pro-
duce any pamphlet about Al's religion.
Work said he was "exceedingly
sorry" but didn't say whether his
ears were caused by the insult to Al's
religion or the fact that the story
looked out in northern papers.

So that's the way things have drift-
ed along. Just from one scandal to
another. But as the candidates of the
Anti-Bank Party I have just gone and
have not only kept clear of church
but also of state matters. Our whole
appeal is to the broadminded element
and I doubt if I receive even a hun-
dred votes.

—WILL ROGERS.

SPECIALS GIVE SUGGESTIONS FOR NOVEMBER WORK

GAINESVILLE, Fla.—The follow-
ing reminders of farm and grove work
for the month of November have been
prepared and sent out by specialists
of the Experiment Station and Agri-
cultural Extension Division of the
Florida College of Agriculture.

Livestock

Train calves to eat legume hays by
the time they are three months old.
Test cattle for tuberculosis. See that
pigs have comfortable places to sleep.
Breed sows for spring litters late this
month. Use a good boar.

Poultry

Feed and manage flock to secure
good egg production during winter.
Study records and check up on method
of management. Get ready for fall
poultry shows.

Field and Pasture

Bank seed stalks of Napier grass.
Bank cane for seed in northern Flori-
da. If it is uninfested with borers.
In southern Florida (and northern
Florida, if cane is infested with borers)
plant directly to field; before
planting soak it in a Bordeaux and
tobacco mixture. Carpet grass and
leopards, 10 pounds each to the acre,
planted now on good moist ground
will soon make good pasture. On
rich land rape (10 pounds to the acre
in rows 2 feet apart), drilled in, will
make good feed for any kind of live-
stock.

Grove and Orchard

Citrus: Finish clean-up spray.
Keep rust mites under control. Disk
or plow groves, working in cover crop
enough to keep down fire hazard. Be-
gin fall fertilizing of bearing trees.
Irrigate if dry. Bank young trees 4
to 5 years old last of month for cold
protection. Peach: The first week
of month spread a ring of paradich-
lorobenzene about the base of the trees
to kill borers. Pecans: Complete har-
vesting as early in month as possible.
Prepare land that is to be planted to
pecan trees. Pick up and burn twigs
cut off by girlders. Plant winter
cover crop if not already done.

Garden and Truck

Make additional seedbeds of cabbage
and lettuce. Transplant cabbage, cel-
ery, and lettuce. Plant beets, brussels
sprouts, carrots, kale, parsnips, rad-
ish, rape, spinach, Swiss chard, and
turnips. If cutworms are troublesome
on truck, spread poisoned bran bait.
Dust garden crops and rose bushes
with flowers of sulphur to control
mildew and red spider mites.

In the Home

Make plum pudding or fruit cake
for Thanksgiving and Christmas, us-
ing Florida nuts, citrus, jelly, and
grape juice in fruit cakes. Plan a
community pageant for Thanksgiving.
Send some of best products to
fairs. Have some standard products
for your home demonstration ex-
change. Plant sweet peas and other
annuals for early spring blossoms.

GREAT ACTIVITY IN THE PALM THEATRE POPULARITY CONTEST

Only one week remains after this one, until the finish of the Palm Theatre Popularity Contest and the contestants and their friends are straining every effort to win. Any of the prizes may be won or lost from effort or lack of effort, on the part of the contestants or their friends, this next few days.

Excitement and intense activity prevail among the contestants, as each contestant realizes that he or she is within reach of a prize well worth winning, and to win or lose during the next few days, depending in a great measure upon the number of votes secured during the last big vote period which ends Saturday night.

The people of St. Cloud are watching with a great deal of interest this big popularity race and are loyally supporting their favorites to win the big prizes. The Palm Theatre's Popularity Contest has narrowed down to the point where only the "live" ones remain, each of whom is going at top speed. There seems to be no limit to the "pep" that every contestant has stored up for the finish, which is now only a few days away.

ARCADE KISSIMMEE SHOWING "THE RIVER PIRATE" MONDAY

Sensational Saturday Evening Post Serial Produced With Star Cast

Those who have read "The River Pirate," by Charles Francis Coe, which recently ran in the Saturday Evening Post and which comes to the Arcade theatre, Kissimmee, Monday will recall, most of all, that it was, primarily, the story of a boy who never had a chance until he met the girl who plucked him from a life of crime and brought him back to decency and to her.

The central figures are a pair of teen companions, a hard-boiled sailor and a mere youth, who team together and engage in river piracy working in the dark of the night and ever pursued by watchful harbor police.

This provides for just a few more thrills than come to the usual motion picture and stresses the old maxim that there is good in everyone if the right spot be touched. Incidentally, it goes far to prove that reform schools do not always reform.

Victor McLaglen plays the stellar role of the river pirate with his companion enacted by Nick Stuart, and Lois Moran as the girl in the case, while Earle Foxe is in the part of the double crossing "shark."

C. W. Landis made a business trip to Jacksonville the past week.

GOOD WILL CLASS MEETS FOR SOCIAL

Last Thursday evening, October 25, the members and friends of the Good Will Class of the Methodist church held a social in the annex that proved a great help to all present. One hour was given to a devotional service under the direction of the teacher, L. U. Zimmerman read the scripture lesson and J. H. Ferguson led in the opening prayer. Then a number of members and visitors, Mr. Hollenbaugh, Mrs. Lyman, Mr. L. U. Zimmerman, Mrs. L. U. Zimmerman, J. H. Ferguson and Rev. O. M. Andrews made interesting and inspiring addresses.

Refreshments, consisting of sandwiches, doughnuts, apples and coffee were served. Of course, all enjoyed this feature of the program.

This class has been making a very rapid growth in the past two months. There were thirty-five present at this gathering and all expressed themselves as having a splendid time, and many the best time since living in St. Cloud. The sentiment of the gathering can best be expressed in the name of the class—that of "Good Will."

F. M. Ross, teacher.
Rosalie Daniels, secretary.

L. L. MITCHELL, W. R. C.

L. L. Mitchell, W. R. C. No. 12 met in regular session October 25, Gertrude N. Balcom, presiding. Forty members were present. Some members who have spent the summer months in the north have returned, among them Sisters Whitely, Brand, Clara Rhodes, Fuller and Jefferies. National general orders No. 1 were read by the secretary. The new password was given by the president. The relief committee reported forty-three calls made, twelve bouquets presented and other relief.

The September and October birthday party will be held in the upper G.A.R. hall Friday, October 26. All comrades of the G.A.R. and W.R.C. members whose birthdays are in those months will be guests of honor. All other members and comrades are invited to attend at 4 o'clock p. m., after the G.A.R. Post meeting. The mystery box will be opened and someone will receive a prize.

The corps closed in regular form to meet again in November 8 at 2:00 p. m.

HICKMAN-PETERSON

Miss Pearl E. Hickman, daughter of Mr. and Mrs. T. J. Hickman, and Mr. R. E. Peterson were quietly married Monday morning at 9 o'clock at the Methodist church, only a few relatives and intimate friends witnessing the ceremony. The ceremony was performed by Rev. O. M. Andrews, pastor of the Methodist church. Mr. and Mrs. Peterson left immediately after the ceremony for St. Augustine, where they will spend ten days.

MARGARET DIEFENDORF IS HOSTESS TO MENDELSSOHN CLUB

Miss Margaret Diefendorf was hostess to the Mendelssohn Club last Friday afternoon at the home of her parents, Mr. and Mrs. L. E. Diefendorf on Virginia avenue and Seventh street.

The decorations were suggestive of Halloween.

As the first number on the program many interesting news items gleaned from the world of made were exchanged. Miss Ina Wright read a story, "Flower Week," and also contributed an excellent paper on "Clement."

The piano numbers on the program were as follows:

"Sing a Song of Six Pence" (William's Mother Goose Land), by Alleen Riddle.

"A Rose from My Garden" (William's), by Alleen Stephens.

"Nocturne (Lichner)" and "Melody in F" (simplified) Rubenstein, by Ina Wright.

Leona Lamb had charge of a musical puzzle game.

Refreshments served were hot cocoa with marshmallows and cake.

LAUGHTER, THRILL AND DRAMA FILL TAINTED PONIES

Pleanty of laughs and thrills, interspersed with deft dramatic touches, constitute the prime ingredients in Hoot Gibson's Universal Jewel western, "Painted Ponies," which will be the attraction at the Palm theatre on Saturday.

The rodeo scenes depict some of the most exciting cowboy stunts ever filmed, for they were made at the famous annual events at Saugus, California. Gibson, who performs on the back of a maddened steer, proves himself to be a real cowboy, still able to do the tricks that won for him the world championship in cowboy athletics three years in a row at Pendleton, Ore.

Ethlyn Clair, in the role of the heroine, brings to the screen the refreshing, entrancing beauty for which a great many movie fans have been shouting, since her last appearance with Gibson in "A Hero on Horseback."

From the time Gibson appears on the scene, the hero runs into troubles and more troubles which lead up to a great many comic situations and the beginning of a love affair that supplies the heart throbs.

Every purchaser of a new Ford is entitled to Free Inspection Service for the first 1500 miles

THE modern automobile is a finely built piece of machinery and it will stand a lot of abuse. Considering the work it does, it gives surprisingly little trouble. But there isn't a car made that will not run better and longer if given proper care.

The first few hundred miles are especially important because that is when the mechanism of your car is being broken in.

Proper attention during this period will lengthen its life and prevent unnecessary trouble later on.

We are particularly interested in this matter because we believe it is our duty not only to make a good automobile, but to help the owner get the greatest possible use over the longest period of time at a minimum of trouble and expense.

With this in view, the entire Ford dealer organization has been specially trained and equipped to service the new Model A car.

Furthermore, we have instructed every Ford dealer to give the following Free

Inspection Service at 500, 1000 and 1500 miles:

Check battery
Check generator charging rate
Check distributor adjustment
Check carburetor adjustment
Check lights
Check brakes
Check shock absorber adjustment
Check tire inflation
Check steering gear
Change engine oil
Lubricate chassis

No charge is made for labor or materials incidental to this service, except, of course, where repairs are necessary through accident, misuse or neglect. The only charge is for new oil.

See your Ford dealer, therefore, and get this Free Inspection of your new car at 500, 1000 and 1500 miles. Find out, too, how little it will cost to have your car given a thorough going-over at regular periods thereafter.

A checking-up by experienced mechanics, together with oiling and greasing every 500 miles, will add months and years to the life of your car and mean more economical and pleasurable motoring every mile you drive.

Now they're whispering denials of
the whispering campaign!

We don't know which we prefer,
the whispering campaign or the things
that have been said openly!

"All women are alike," says Lady
Allenby. This thought should be a
great comfort to many husbands.

In Italy, it is now a felony to use
profanity. But then, they probably
haven't our brand of cigarette lighter
over there.

The per capita wealth in the United
States at the beginning of this month
was \$40.82. Well, it's nice to know
it, anyway.

Since prohibition, grape production
in California has increased 200 per
cent. Grape juice is certainly becom-
ing popular.

To keep peace in the family, many
a man finds two radios necessary—
one for political speeches, and one for
dance music!

There are many reasons for going
"straight," and now a new one is ad-
ded to the list. Prisons are going to
be equipped with radios!

The World Congress of Cooks is
now meeting in Paris. Evidently
selected the city because of the rumor
that many things over there were
raw.

A Cincinnati thief stole 25 pairs of
shoes, gnawing the left toe out of
ten more pairs. Evidently figured
that's how the bootleggers get their
stuff.

A powerful pugilist has given up
the ring to become a dentist. Well,
we suppose he will be able to put his
patients to sleep without expensive
anesthetics.

Klaxim Bey, poet of Constantinople,
has sent photos of an X-Ray of his
brain to all his critics, in order to es-
tablish his poetic merit. Science is
rapidly advancing. Now at last we
know that at least one poet has a
brain!

A German actor, Parlatius, has
broken the endurance speaking record,
it is said, talking continuously for
more than 45 hours. We're proud to
say that many obscure American wo-
men could probably outdo him in any
fair contest.

WILL ROGERS SAYS:—

If all the charges that has been
made in this campaign in regard to
both candidates were laid end to end
it would take 'em over two hours to
pass a given point.
If all the denials were heaped in a
pile an aviator couldn't fly over them.
It is a funny thing about a denial. It
takes twice as many words to deny
it as it did to make it.
While Smith was heaving charges
at him, Hoover just pulled down the
blinds and shut the windows and
started communicating with work.
Through close association with Cool-
idge he has become practically speech-
less. There is nothing gets you quite
so sure as to have somebody ignore
you. Al is asking questions but he is
not even getting a minority report on
them.

A woman in Virginia sent out a
scenario saying that the Catholics
wouldn't make good postmasters so
Herbert paid enough attention to her
to have a padlock put on her type-
writer. Mr. Work promptly said that
he didn't tell that Alabamian to pro-
duce any pamphlet about Al's religion.
Work said he was "exceedingly
sorry" but didn't say whether his
ears were caused by the insult to Al's
religion or the fact that the story
leaked out in northern papers.

So that's the way things have drift-
ed along. Just from one scandal to
another. But as the candidate of the
Anti-Bunk Party I have just gone and
have not only kept clear of church
but also of state matters. Our whole
appeal is to the broadminded element
and I doubt if I receive even a hun-
dred votes.

—WILL ROGERS.

**SPECIALS GIVE SUGGESTIONS
FOR NOVEMBER WORK**

GAINESVILLE, Fla.—The follow-
ing reminders of farm and grove work
for the month of November have been
prepared and sent out by specialists
of the Experiment Station and Agri-
cultural Extension Division of the
Florida College of Agriculture.

Livestock

Train calves to eat legume hays by
the time they are three months old.
Test cattle for tuberculosis. See that
pigs have comfortable places to sleep.
Breed sows for spring litters late this
month. Use a good boar.

Poultry

Feed and manage flock to secure
good egg production during winter.
Study records and check up on method
of management. Get ready for fall
poultry shows.

Field and Pasture

Bank seed stalks of Napier grass.
Bank cane for seed in northern Flori-
da. If it is infested with borers;
In southern Florida (and northern
Florida, if cane is infested with borers)
plant directly in field; before
planting soak it in a Bordeaux and
tobacco mixture. Carpet grass and
leopards, 10 pounds each to the acre,
planted now on good moist ground
will soon make good pasture. On
rich land rape (10 pounds to the acre
in rows 2 feet apart), drilled in, will
make good feed for any kind of live-
stock.

Grove and Orchard

Citrus: Finish clean-up spray.
Keep rust mites under control. Disk
or plow groves, working in cover crop
enough to keep down fire hazard. Be-
gin fall fertilizing of bearing trees.
Irrigate if dry. Bank young trees 4
to 5 years old last of month for cold
protection. Peach: The first week
of month spread a ring of paradich-
lorobenzene about the base of the tree
to kill borers. Pecans: Complete har-
vesting as early in month as possible.
Prepare land that is to be planted to
peanut trees. Pick up and burn twigs
cut off by girdlers. Plant winter
cover crop if not already done.

Garden and Truck

Make additional seedbeds of cabbage
and lettuce. Transplant cabbage, cel-
ery, and lettuce. Plant beets, brussels
sprouts, carrots, kale, parsnips, rad-
ish, rape, spinach, Swiss chard, and
turnips. If cutworms are troublesome
on truck, spread poisoned bran bait.
Dust garden crops and rose bushes
with flowers of sulphur to control
mildew and red spider mites.

In the Home

Make plum pudding or fruit cake
for Thanksgiving and Christmas, us-
ing Florida nuts, citrus, jelly, and
grape juice in fruit cakes. Plan a
community pageant for Thanksgiving.
Send some of best products to
fairs. Have some standard products
for your home demonstration ex-
change. Plant sweet peas and other
annuals for early spring blossoms.

Olive Borden, the screen's most youthful star, has the title role in "The Joy Girl," an Allan Dwan picture for Fox which opens at the Palm Theatre Monday for two days. A scintillating picture this, of Palm Beach at its gayest and New York at its brightest, with wealth and sophistication on all sides.

As a typical flapper whose heart and soul are right despite her giddiness, Miss Borden has one of the most effective roles of her career.

GREAT ACTIVITY IN THE PALM THEATRE POPULARITY CONTEST

Only one week remains after this one, until the finish of the Palm Theatre Popularity Contest and the contestants and their friends are straining every effort to win. Any of the prizes may be won or lost from effort or lack of effort, on the part of the contestants or their friends, this next few days.

Excitement and intense activity prevail among the contestants, as each contestant realizes that he or she is within reach of a prize well worth striving to win or lose during the next few days, depending on a great measure upon the number of votes secured during the last big vote period which ends Saturday night.

The people of St. Cloud are watching with a great deal of interest this big popularity race and are loyally supporting their favorites to win the big prizes. The Palm Theatre's Popularity Contest has narrowed down to the point where only the "live" ones remain, each of whom is going at top speed. There seems to be no limit to the "pep" that every contestant has stored up for the finish, which is now only a few days away.

ARCADE KISSIMMEE SHOWING "THE RIVER PIRATE" MONDAY

Sensational Saturday Evening Post Serial Produced With Star Cast

Those who have read "The River Pirate," by Charles Francis Cox, which recently ran in the Saturday Evening Post and which comes to the Arcade theatre, Kissimmee, Monday will recall, most of all, that it was primarily the story of a boy who never had a chance until he met the girl who plucked him from a life of crime and brought him back to decency and to her.

The central figures are a pair of teen companions, a hard boiled sailor and a mere youth, who team together and engage in river piracy working in the dark of the night and ever pursued by watchful harbor police.

This provides for just a few more thrills than come to the usual motion picture and stresses the old maxim that there is good in everyone if the right spot be touched. Incidentally, it goes far to prove that reform schools do not always reform.

Victor McLaglen plays the stellar role of the river pirate with his companion enacted by Nick Stuart, and Lois Moran as the girl in the case, while Earle Foxe is in the part of the double crossing "shark."

C. W. Landis made a business trip to Jacksonville the past week.

GOOD WILL CLASS MEETS FOR SOCIAL

Last Thursday evening, October 25, the members and friends of the Good Will Class of the Methodist church held a social in the annex that proved a great help to all present. One hour was given to a devotional service under the direction of the teacher, L. U. Zimmerman read the scripture lesson and J. H. Ferguson led in the opening prayer. Then a number of members and visitors, Mr. Hollenburgh, Mrs. Lyman, Mr. L. U. Zimmerman, Mrs. L. U. Zimmerman, J. H. Ferguson and Rev. O. M. Andrews made interesting and inspiring addresses.

Refreshments, consisting of sandwiches, doughnuts, apples and coffee were served. Of course, all enjoyed this feature of the program.

This class has been making a very rapid growth in the past two months. There were thirty-five present at this gathering and all expressed themselves as having a splendid time, and many the best time since living in St. Cloud. The sentiment of the gathering can best be expressed in the name of the class--that of "Good Will."

F. M. Ross, teacher.

Bessie Daniels, secretary.

L. L. MITCHELL, W. R. C.

LAUGHTER, THRILL, AND DRAMA FILL PAINTED PONIES

Plenty of laughs and thrills, interspersed with deft dramatic touches, constitute the prime ingredients in Hoot Gibson's Universal-Jewel western, "Painted Ponies," which will be the attraction at the Palm theatre on Saturday.

The rodeo scenes depict some of the most exciting cowboy stunts ever filmed, for they were made at the famous annual events at Saugus, California. Gibson, who performs on the back of a maddened steer, proves himself to be a real cowboy, still able to do the tricks that won for him the world championship in cowboy athletics three years in a row at Pendleton, Ore.

Ethlyn Clair, in the role of the heroine, brings to the screen the refreshing, entrancing beauty for which a great many movie fans have been shouting, since her last appearance with Gibson in "A Hero on Horseback."

From the time Gibson appears on the scene, the hero runs into troubles and more troubles which lead up to a great many comic situations and the beginning of a love affair that supplies the heart throbs.

Every purchaser of a new Ford is entitled to Free Inspection Service for the first 1500 miles

THE modern automobile is a finely built piece of machinery and it will stand a lot of abuse. Considering the work it does, it gives surprisingly little trouble. But there isn't a car made that will not run better and longer if given proper care.

The first few hundred miles are especially important because that is when the mechanism of your car is being broken in.

Proper attention during this period will lengthen its life and prevent unnecessary trouble later on.

We are particularly interested in this matter because we believe it is our duty not only to make a good automobile, but to help the owner get the greatest possible use over the longest period of time at a minimum of trouble and expense.

With this in view, the entire Ford dealer organization has been specially trained and equipped to service the new Model A car.

Furthermore, we have instructed every Ford dealer to give the following Free

Inspection Service at 500, 1000 and 1500 miles:

Lubricate chassis

No charge is made for labor or materials incidental to this service, except, of course, where repairs are necessary through accident, misuse or neglect. The only charge is for new oil.

See your Ford dealer, therefore, and get this Free Inspection of your new car at 500, 1000 and 1500 miles. Find out, too, how little it will cost to have your car given a thorough going-over at regular periods thereafter.

A check-up by experienced mechanics, together with oiling and greasing every 500 miles, will add months and years to the life of your car and mean more economical and pleasurable motoring every mile you drive.
